

A big welcome to the Summer 2022 Career Mark Primary Newsletter

CELEBRATING SUCCESSES

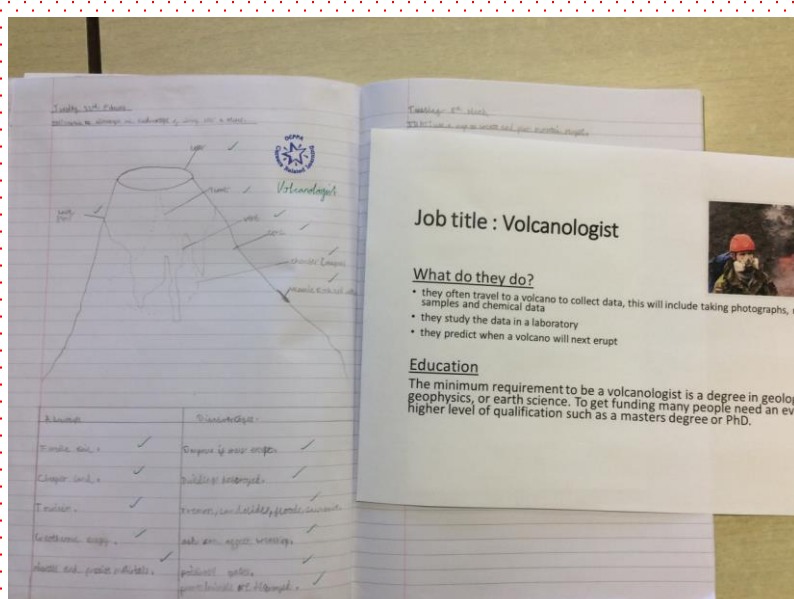

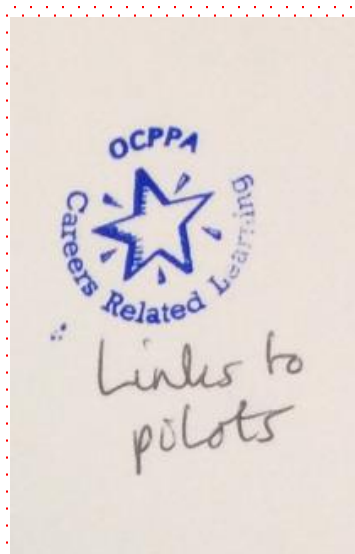

Congratulations to Roo's Primary School who successfully retained the Career Mark Primary Award in their revalidation assessment this term. Well done to you all and especially to the careers lead Aimee Christian

Congratulations to Bruche Academy who have successfully achieved the Career Mark Primary Award for the first time !!! A big congratulations to you all and a special mention to Chris for all your hard work.

We were delighted to see careers in primary schools mentioned in the recent schools White Paper 28/3, paragraph 65, page 30

'We want all children to be inspired by the options available to them when they leave school or college. We will launch a new careers programme for primary schools in areas of disadvantage'

This highlights the growing recognition of the impact careers related learning can have when delivery is started early in Primary schools.

SHARING GOOD PRACTICE ...

We love looking through all the evidence sent through by schools for the Career Mark Primary Award. A highlight this term was the Careers Related Learning stamp which Ormiston Cliff Park Primary Academy use to raise the profile of careers work in school. Kim Tanner the careers lead at OCPPA highlighted its benefits ... ***'it has proven so helpful for staff and children to clearly see where CRL has played a part across the curriculum'*** School had the stamps made up, altering the logo to say OCPPA, Careers Related Learning. It was ordered from primary.teaching.org.uk

THIS MONTHS FOCUS...

PRIMARY FUTURES

Primary Futures, is a specifically designed free programme for primary schools which raises children's aspirations and helps them understand the link between learning and their futures.

Primary Futures continues to support schools across the country in their career related delivery, they are able to support schools with a blended offer that's now available including the following:

- in person activities;
- virtual live activities; and
- pre-recorded content with lesson plans that are great as input and conversation starters such as on gender stereotypes

Please see this link for further information, a video and details on how to sign up

<https://www.primaryfutures.org/schools/>

Key Contact for further information and advice is Katy Hampshire via

katy.hampshire@educationandemployers.org

Accessing Primary Futures helps to meet the following areas of learning within the CDI Primary framework ...
manage career, explore possibilities, balance life and work, create opportunities, See the big picture
